

# Atkins Girls Athletic COVID-19 Mitigation Plan

Atkins MS is committed to mitigating the spread of COVID-19. We continue to provide a safe environment for our student athletes and staff in accordance with UIL guidelines.

## **Face Coverings**

Students and staff will be required to wear face coverings that cover mouth and nose. The exceptions to this requirement will be athletes participating in competitive drills, eating or drinking, with a note from the doctor, or when social distancing outside. Face coverings will be required during all bus transportation.

## **Facilities**

Locker rooms and frequently touched surfaces will be cleaned regularly. Hand sanitizer will be readily available in the gym and the locker room for student use. Students will be required to use hand sanitizer upon entering and leaving the facilities. Students will be given opportunities to use hand sanitizer and wash hands during activities. The equipment will be sanitized prior to student use and as needed.

## **Locker Rooms**

Students will be required to wear masks at all times in the locker room. Each student will have their own locker. The student lockers will be spaced as far apart as possible. Students will need to take workout clothes home and wash them each day.

## **Water**

Students will need to provide their own water bottle. Students will not be permitted to share their water bottles with other students. Student names shall be clearly visible on their water bottle.
